

LO – Be able to plot basic linear graphs from an equation

Name _____

Date _____

Equation _____

x (Input)	0	1	2	3	4
y (output)					

Equation _____

x (Input)	-2	-1	0	1	2
y (output)					

Equation _____

x (Input)					
y (output)					

Equation _____

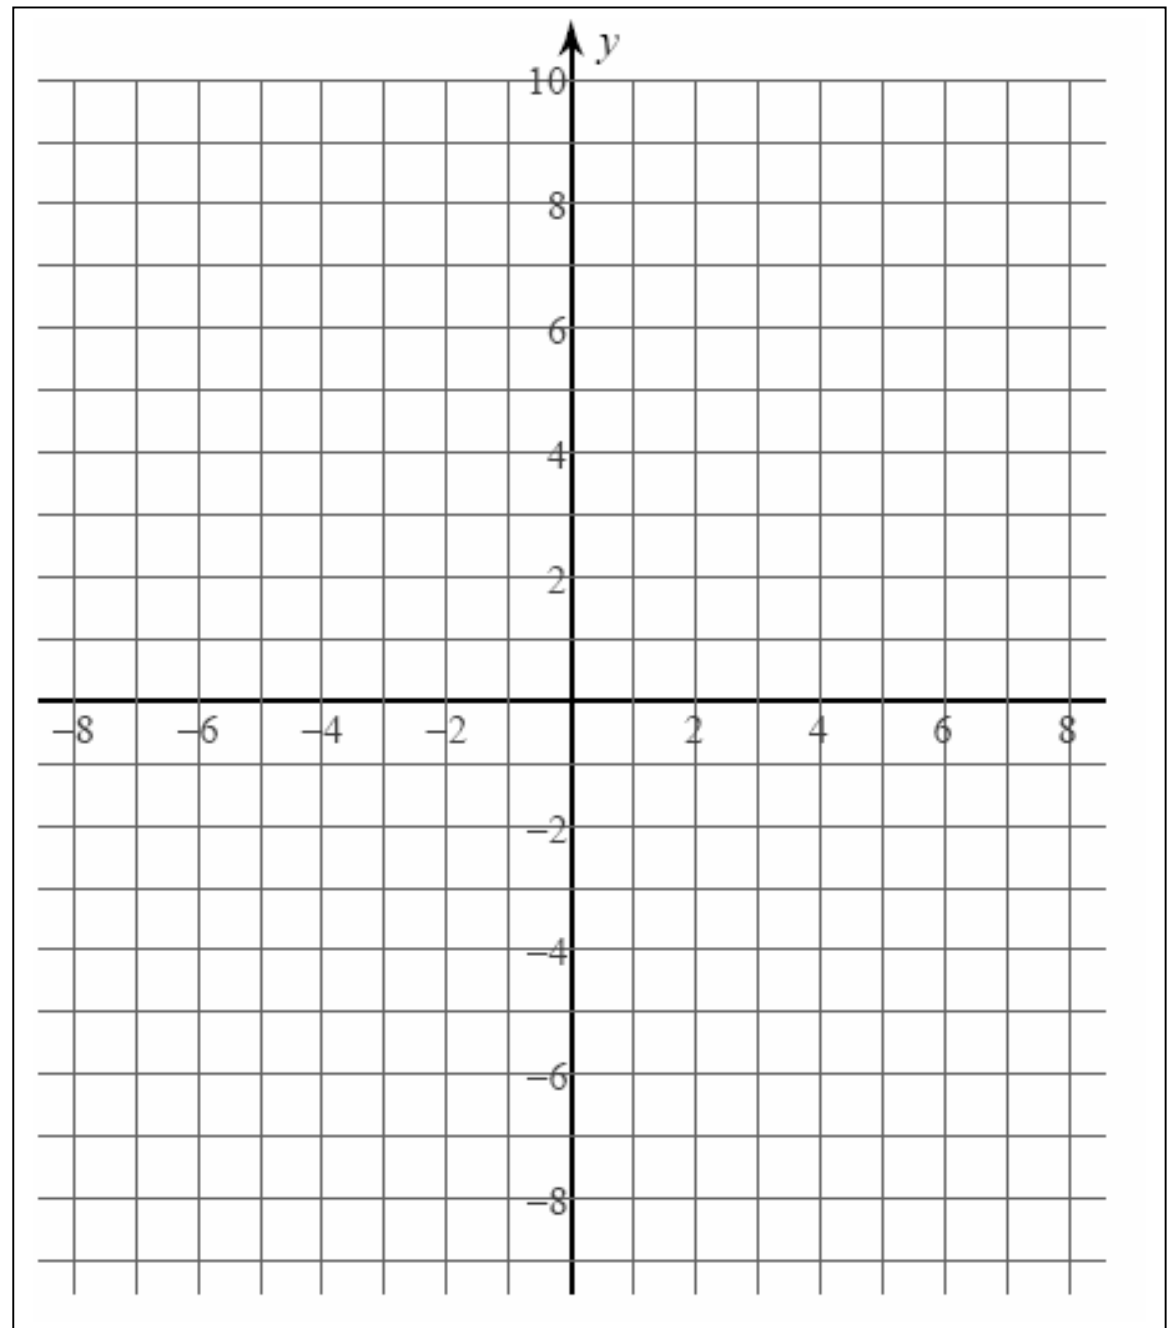

x (Input)					
y (output)					

Equation _____

x (Input)					
y (output)					

Equation _____

x (Input)					
y (output)					

This topic is covered at
www.m4ths.com

EACH LINE MUST (i) be drawn in pencil (ii) be drawn using a ruler (iii) clearly labelled with the equation shown
