Find (i) The area and (ii) The perimeter of the shapes below. (make sure you put units on and show workings!)

1. Rectangle with sides 10mm and 5mm
   - Area: 50 mm²
   - Perimeter: 30 mm

2. Square with side 10mm
   - Area: 100 mm²
   - Perimeter: 40 mm

3. Rectangle with sides 8km and 3km
   - Area: 24 km²
   - Perimeter: 20 km

4. Rectangle with sides 5m and 2m
   - Area: 10 m²
   - Perimeter: 14 m

5. Square with side 5m
   - Area: 25 m²
   - Perimeter: 20 m
