Task 1
Find the area of each shape below giving your answer in the correct units:

Task 2
Find the value of x for each shape below:

Task 3
(i) Draw a rectangle measuring 3 by 4cm and find its area.
(ii) Draw a triangle with a base of 9cm and a height of 6cm and find its area.
(iii) The area of a rectangle is 15cm². One side is 3cm long. What is the length of the other side?
Answers

**Task 1**

- 40 cm²
- 21 m²
- 20 mm²
- 3 km²
- 20 cm²

**Task 2**

- \( x = 3 \text{ cm} \)
- \( x = 4 \text{ cm} \)

**Task 3**

- 12 cm²
- 27 cm²
- 5 cm
